WORK EXPERIENCE

FrieslandCampina Service Centre Asia Pacific Sdn. Bhd.

Data Analysis Intern | *July 2025 – February 2027*

Key Achievements

- **Resolved a 2-year reporting challenge** by replacing manual Excel analysis with an automated Power BI dashboard featuring 5 dynamic insights, saving approximately **750 hours annually (0.38 FTE equivalent)**.
- **Improved IT budget visibility** by developing an AMS/IMS financial dashboard for the director and **10+ cluster heads**, supporting vendor cost analysis, budget planning, and decision-making.
- **Enabled data-driven IT investment decisions** across **20+ countries** by integrating 5+ departments into an IT 360° dashboard for incidents, downtime, device health, and cybersecurity risks.
- **Identified 6 validated automation use cases** using Python, NLP, and BERTopic on 58,000+ IT tickets, with a potential **5.93% reduction** in General Requests.
- **Reduced AI token usage by 48%** through pipeline optimization.

Key Responsibilities

- **Developed Power BI dashboards** using DAX, Power Query, Data Modeling, and Data Storytelling to turn **300,000+ IT ticket records** into actionable insights for directors, managers, and operations teams.
- **Managed cross-functional stakeholders**, collaborating with India-based suppliers, ServiceNow teams, and country managers across time zones to gather requirements, validate data, and identify improvement opportunities.
